Kelkoo is a shopping search engine which assists you in finding stores selling products on-line. It does this through a results page which lets you compare based on price, brand, delivery costs, shop and product features.

You will be able to upload new file at any time from your Control panel with one mouse click!

You search for a particular product in any one of departments ( Books, Films etc.) and Kelkoo aims to find the best offers on the internet. It also includes the cost of postage, packing and of VAT so one knows exactly how much he'll have to spend.
